

Analyst Real Estate (f/m)

About XTP

XTP is the market leader for implementation efficiency in institutional asset management. Our customers are large institutional investors such as pension funds, insurers and reinsurers. With our big-data-driven, bottom-up and forensic approach we create transparency about costs, process performance and risk of their investments across all asset classes. We take a holistic view on the investment process covering asset management, trading, administration, custody, etc. as well as their interdependencies. Our team has a profound understanding of global capital markets. Overall, we have analyzed more than 2.5 trillion EUR in assets with our proprietary software and benchmarking data-bases.

Our customers benefit from a risk-free increase of the net return on their assets. What we do is for a good cause – the savings we generate lead to higher pensions. We reduce information asymmetries and help to increase the fairness, transparency and efficiency of the financial sector.

XTP is a young, innovative, tech-driven and entrepreneurial company. We operate sites in Frankfurt and Munich (Germany), Zurich (Switzerland), Copenhagen (Denmark), and New York (USA).

Your Activities

- Perform due diligence on the global real estate portfolios of our clients to create cost transparency and to identify areas of cost improvement
- Analyze set-up costs, general structural costs, basic/ additional remuneration, find hidden fees
- Review real estate related contracts and assess their market conformity
- Support us in developing relevant KPIs and enhance our benchmarking databases
- Perform forensic analysis on real estate accounting data and financial and controlling documents
- Prepare customer presentations, present the results in front of clients and managers
- Challenge current processes and tools to take them to the next level
- Take an active role in automation and introduce advanced analytics and data extraction tools

Your Profile

- Strong quantitative skill set combined with real estate affinity
- Strong academic track record from leading universities in real estate, business or finance
- Practical experience in real estate asset management, consulting, banking or related fields
- Interest in solving complex issues
- You consider precision as a principle, not as a burden
- Ability to constantly challenge tools, processes and their results to take them to the next level
- Self-driven, very well organized and result-oriented team player
- Highly proficient in English and German
