About XTP

XTP is a specialist consultant focusing on transparency, cost, and risk. For more than 20 years we have helped institutional investors to get the most from their current investment set-up and enhance investment governance. We have a proven track record of increasing implementation efficiency in public and private market assets from clients across Europe and the USA.

We are a data-driven organisation with a highly experienced team of more than 40 senior industry specialists, quantitative analysts, and software engineers. Technology is a fundamental component of how we operate and underpins our ability to deliver superior outcomes.

XTP is building an international culture where our team feels empowered, responsible, and valued. We can offer you access to bright-minded people, the environment to develop your knowledge further, and a platform to make a difference in financial services in public and private markets.

Your Activities

- Manage sub-teams and your workstreams covering a wide range of private markets funds (Private Equity, Private Debt, Infrastructure, Real Estate).
- Improve cost efficiency and ensure contract compliance in our clients' private market portfolios.
- Create cost transparency by conducting commercial due diligence and forensic projects.
- Interpret legal fund documents to determine their economic impact from our clients' perspective.
- Synthesize your and your team members' results in presentations, perform quality control activities and hold presentations in front of our clients and their asset managers.
- Help us to take our analytics tools, internal processes, and benchmarking databases to the next level.
- Develop members of your team and help them to grow on a personal and professional level.
- Grow with us and take over more project and business development responsibilities.

Your Profile

- Experienced Consultant in a top management consulting firm with a proven track record and strong quantitative skills who wants to travel less.
- Previous working experience in private markets and/or in technology-driven businesses is a plus.
- Intrinsic motivation to tackle and solve complex problems at the intersection of finance and law.
- Ability to constantly challenge tools, processes, and their results to take them to the next level.
- Willingness to help others grow.
- Self-driven, very well organized, and a results-oriented team player.
- Strong academic background from leading universities in business or finance.
- Highly proficient in German and English.
